Dan and Anna Rice Family (SE Asia) write:

"We are planning to move to SE Asia on October 2nd for a three year assignment. Dan has received an invitation to serve as the Managing Director for the water filter business he helped to start in 2008-2009. Dan will give overall leadership to the production business, working to strengthen and improve management and systems in the short-term and providing vision for growth for the long-term sustainability of the business. Our family has also been invited to join the EMM team that is committed to living on mission with God in this region. Our family would really appreciate your prayers as we go. This is a big transition for all of us, but we'd especially appreciate prayers for our two daughters that the transition would be smooth for them. Please also remember our parents and extended family. Though we have modern technology to stay in touch more easily, it is not easy to be so far from family and we will miss them greatly."

### *The Family Corner*

*This corner of Living Streams will be dedicated to sharing, wisdom and information for our families.*

"Tell your kids you love them. Never pass up an opportunity to tell your child you love him. It gets harder as he gets older and begins naturally to pull away, but continue to tell him you love him, and sneak in a kiss and a hug whenever you can. Don't get discouraged when he doesn't reciprocate. It's his job to establish his independence-and to appear not to want your affection-but it's your job to continue to be there for him, loving him all the while."
